USER JOURNEY DOCUMENT

Executive Management

The person who fills the Cover Letter Form — entering recommended and approved financial amounts, signing, and triggering the Cover Letter PDF generation through their approval.

Executive Management

The Executive Management role is the final approval authority in FACTS. Cases arrive after clearing all four field-level reviews (Welfare Review → ZI → KG Review → Operations Lead). The Executive is the person who **fills the Cover Letter Form** — entering recommended Enayat/Qardan amounts, proposed upliftment plan, non-financial assistance details, welfare department comments, and their **digital signature**. When the final Executive level approves, the system automatically **generates the Cover Letter PDF** and advances the case to **Manzoori (Sanction)**. FACTS supports up to **5 executive approval levels**.

VERSION	DATE	SYSTEM	STEPS	PAGES

STEPS

Table of Contents

EXECUTIVE MANAGEMENT

Cases reach Executive Management after passing Welfare Review → ZI Approval → KG Review → Operations Lead. The Executive is the **person who fills the Cover Letter Form** — a key structured document that captures the recommended and approved financial assistance amounts, proposed upliftment plan, non-financial assistance details, welfare comments, and the Executive's digital signature. After the Executive fills the form, signs it, and clicks Approve, the **final executive level's approval triggers automatic Cover Letter PDF generation** — the official sanctioned document. The case then advances to **Manzoori (Sanction)**. FACTS supports **up to 5 executive approval levels**. This document covers **9 steps across 10 pages**.

SECTION A — LOGIN & DASHBOARD

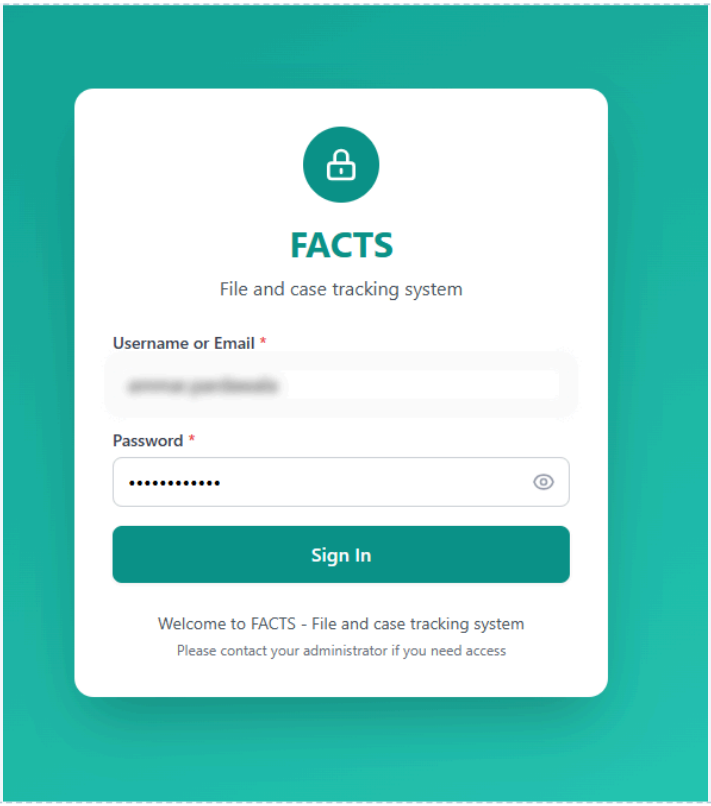
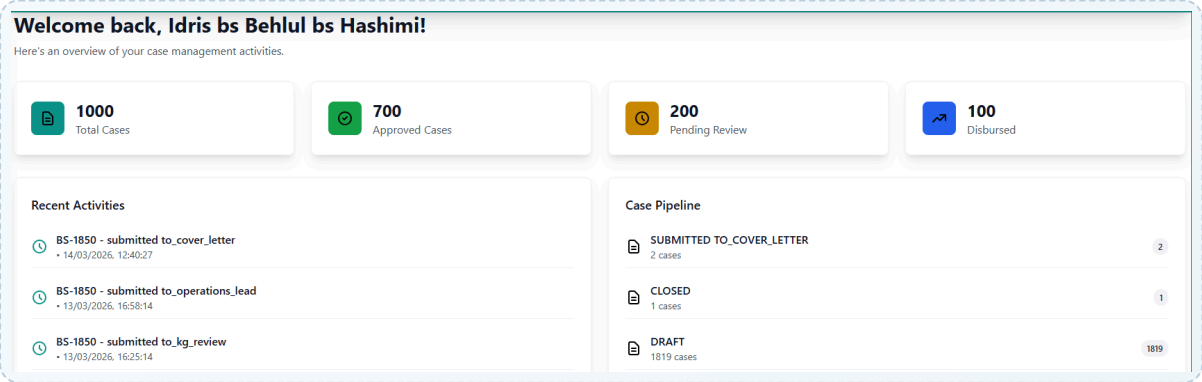
01

Login & Landing on the Executive Dashboard

The Executive logs in via browser. The system identifies their **executive level** (1 through 5) from `users.executive_level` and loads a dashboard showing only cases currently awaiting **their level's** approval.

- Navigate to the FACTS URL → enter **Email / Username + Password** → click **Login**
- System reads `users.executive_level` to scope the dashboard — only cases where `cases.current_executive_level` matches this user's level are shown
- **Dashboard stat cards:** Cases Awaiting My Approval · Cover Letters Generated This Month · Sent for Rework · Cases at Other Levels
- A **Recent Cases** panel shows cases most recently forwarded from the Operations Lead stage, sorted by SLA urgency
- Bell icon shows unread notifications — cases arriving at the Executive's level trigger an automatic in-app notification





02 Finding Cases in the Queue — Multi-Level Context

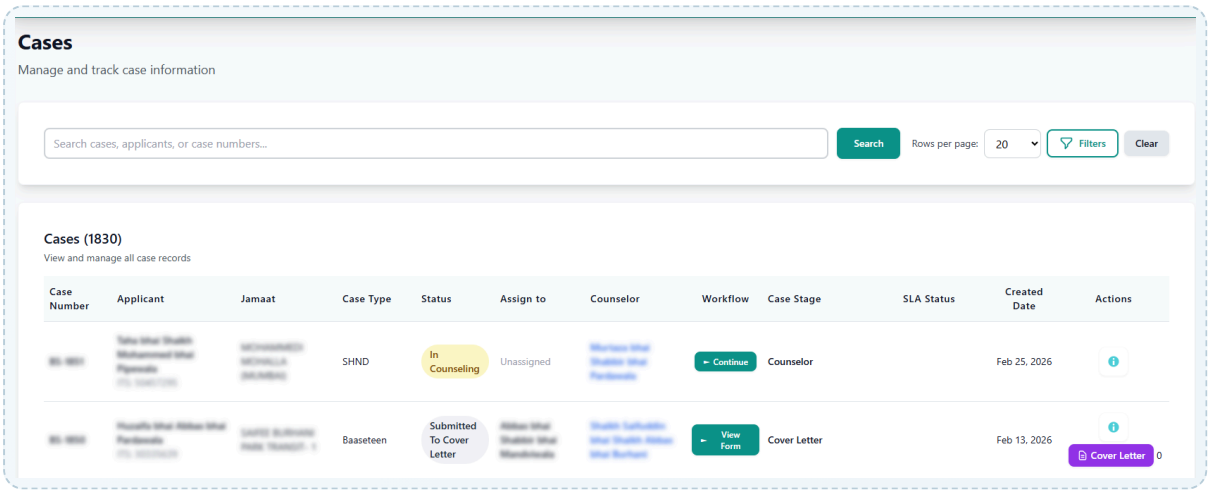
Cases awaiting the Executive's action are in the **Cases** module. FACTS supports up to 5 executive levels — each level sees only cases at their position in the approval hierarchy.

Multi-Level Executive Approval Chain

L1	L2	L3	L4	L5 (Final)
Level 1	Level 2	Level 3	Level 4	Level 5
Fills CLF + Approves	Fills CLF + Approves	Currently Active	Awaiting L3	Approval → PDF Generated

- Click **Cases** in the left sidebar → cases pre-filtered to where `cases.current_executive_level` matches this executive's level
- Each row shows: Case Number, Applicant Name, Case Type, **SLA badge**, DCM, Current Level badge, Date Reached This Level
- `On Track` `Due Soon` `Breached`
- Click any row → opens **Case Detail View**

KEY ROLE The Executive is the person who **fills the Cover Letter Form** — entering recommended and approved financial amounts, proposed upliftment plan, non-financial assistance details, and their digital signature. At the **final executive level**, their approval triggers automatic **Cover Letter PDF generation** and advances the case to Manzoori.



SECTION B — CASE REVIEW

03

Case Detail View — Header, Tabs & Workflow Position

Clicking a case opens the Case Detail View. All prior field-level stages are shown as completed on the progress bar. The Executive has access to the Counseling Form, Attachments, Comments, Status History, and the **Cover Letter Form** — the document the Executive will fill. The Cover Letter PDF does not exist yet — it will be generated after the final executive approval.

Case Header

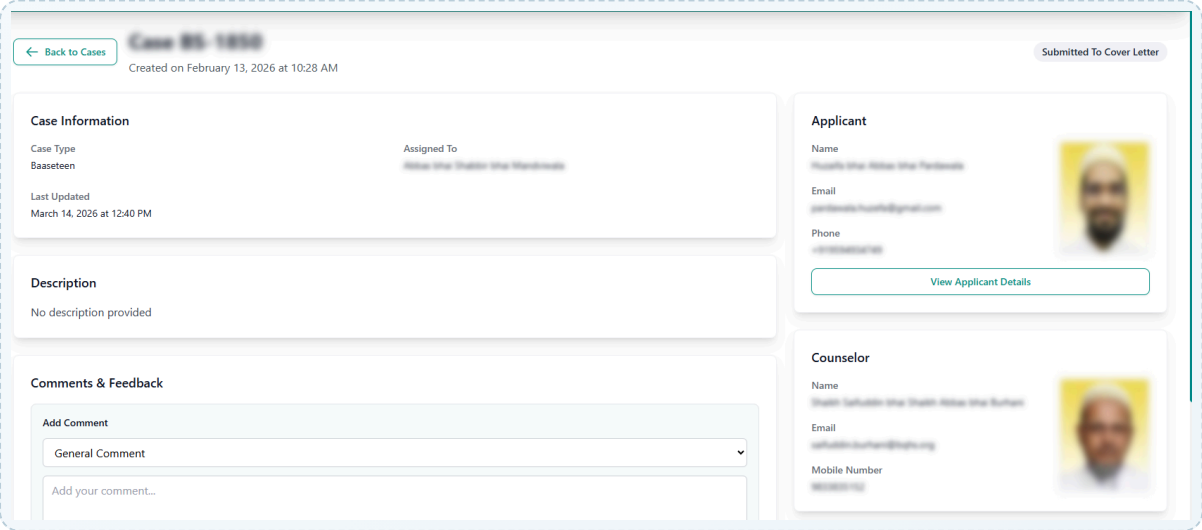
- **Case Number**, Applicant Name, Case Type, **Stage: Executive Approval — Level N** shown prominently
- **SLA Timer** — days remaining or overdue for this executive level
- Full field review chain visible: DCM · Welfare Reviewer · ZI · KG Reviewer · Operations Lead
- **Workflow Progress Bar** — Welfare Review ✓ · ZI Approval ✓ · KG Review ✓ · Operations Lead ✓; **Executive Approval (Level N)** is the active stage

Complete Tab Set — Executive Management

Tab	Content	Executive Access
Counseling Form	All 7 sections filled by the DCM	Read Only
Attachments	All uploaded documents — mandatory and optional	View & Download
Comments	Full thread — all field reviewer notes and prior executive level comments	Read & Write
Status History	Full audit trail — every stage transition timestamped	Read Only
Cover Letter Form ★	Executive fills recommended & approved amounts, upliftment plan, welfare comments, and signs — this is the Executive's primary task	Fill & Submit
Cover Letter (PDF)	*Not yet generated* — PDF is auto-created only after the final executive level approves the case	Generated on Final Approval

Recommended Review Order

Open Case › Status History & Comments › Counseling Form › Attachments › Fill Cover Letter Form › Sign & Submit CLF › Post Comment › Approve / Rework



COVER LETTER FORM IS THE EXECUTIVE'S PRIMARY TASK

Unlike prior reviewers who only review and decide, the Executive must **FILL IN THE COVER LETTER FORM** before approving. This form captures the recommended and approved financial amounts, the proposed upliftment plan, non-financial assistance, and the Executive's digital signature. The completed form becomes the official case record. At the final executive level, approving the case triggers automatic Cover Letter PDF generation from this data.

04

Reviewing Status History, Comments & Counseling Form

Before filling the Cover Letter Form, the Executive reads the full case history, all prior reviewer comments, and the Counseling Form — especially the financial sections. This review directly informs the recommended and approved amounts they will enter in the Cover Letter Form.

Status History & Comments

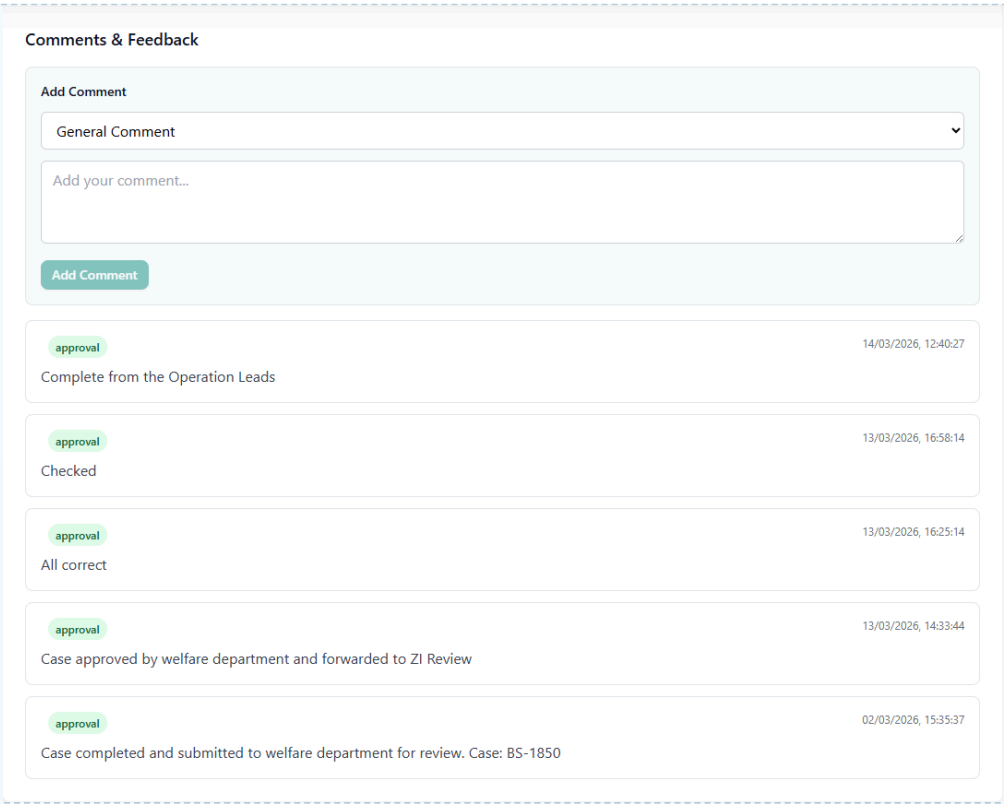
- Click **Status History** → full audit trail: Case Created → Draft → Counseling Submitted → Welfare Review → ZI Approval → KG Review → Operations Lead → Executive Approval Level 1 (and higher if applicable)
- Click **Comments** → read all notes: DCM, Welfare, ZI, KG, Operations Lead, and any prior executive level comments (if Level 2+)
- If at **Level 2 or higher**, read all prior executive level comments and entries carefully before filling the form — understand what amounts and reasoning previous levels used

Counseling Form — Executive Focus Areas

Section	Executive Focus — Informs Cover Letter Form Entries
Section 2 — Family Details	Total family income (income_total_monthly), monthly surplus/deficit, declared assets and liabilities — the financial foundation for setting approved Enayat and Qardan amounts
Section 4 — Financial Assistance	Requested Enayat and Qardan amounts; 5-year repayment schedule — compare against what the Executive will enter as recommended and approved figures
Section 5 — Economic Growth	5-year Revenue, Expenses, Profit, and **Cash Surplus** projections — Year 1 Cash Surplus must support the proposed Qardan monthly repayment
Section 6 — Action Plan & Mentors	Specific milestones and mentor qualifications — directly informs the **Proposed Upliftment Plan** the Executive writes in the Cover Letter Form
Section 7 — Declaration	All three signatures (Applicant, Counselor, TR Committee) present with valid sequential dates

Attachments Check

- Click **Attachments** → confirm mandatory documents: Business photograph `Uploaded`, Quotation for Qardan end-use `Uploaded`, Product brochure `Uploaded`
- Verify the Quotation amount matches the Qardan being considered — a mismatch at this stage after all field reviews is a material concern
- If optional financial documents (ITR, Financial Statements) are present, cross-check declared income against Section 2 figures



SECTION C — COVER LETTER FORM

05

Opening the Cover Letter Form — Auto-Populated Fields

⭐ THE EXECUTIVE IS THE PERSON WHO FILLS THIS FORM — THIS IS UNIQUE TO EXECUTIVE MANAGEMENT

Click the **Cover Letter Form** tab. A large portion of the form is pre-populated from the counseling form data. The Executive reviews all auto-filled fields — these will appear in the final Cover Letter PDF — before proceeding to fill the editable fields.

APPLICANT & COUNSELLOR PROFILE — FROM APPLICANTS, PERSONAL_DETAILS, DECLARATION TABLES

AUTO-FILLED — READ ONLY

APPLICANT NAME	ITS NUMBER	AGE	CONTACT

₹22,500 AUTO	₹27,000 AUTO	₹32,500 AUTO	₹38,000 AUTO	₹44,000 AUTO

AUTO-POPULATED FIELDS ARE READ-ONLY

All data sourced from the counseling form is display-only. If any figure appears incorrect, raise it via a Rework comment — it cannot be overridden in the Cover Letter Form.

06

Filling Recommended & Approved Amounts, Upliftment Plan & Comments

THESE FIELDS ARE FILLED ONLY BY THE EXECUTIVE — UNIQUE TO EXECUTIVE MANAGEMENT

The Executive now fills the editable fields that form the official financial recommendation and narrative. These are the heart of the Cover Letter Form — they will appear on the final Cover Letter PDF generated after approval.

1. Recommended Financial Assistance EXECUTIVE ENTERS

RECOMMENDED_ENAYAT · RECOMMENDED_QARDAN · RECOMMENDED_TOTAL — COVER_LETTER_FORMS TABLE

RECOMMENDED ENAYAT (₹)	RECOMMENDED QARDAN (₹)	RECOMMENDED TOTAL (₹)
Enter amount	Enter amount	Auto-calculated

The Executive's recommended amounts — may match or differ from the applicant's requested amounts. These represent the Executive's independent assessment based on the case review.

2. Final Approved Amounts — The Sanctioned Figures FINAL EXECUTIVE LEVEL ENTERS

APPROVED_ENAYAT · APPROVED_QARDAN · APPROVED_QH_MONTHS — COVER_LETTER_FORMS TABLE

APPROVED ENAYAT (₹)	APPROVED QARDAN (₹)	APPROVED QH MONTHS
Enter final approved amount	Enter final approved amount	Number of repayment months

The **binding sanctioned amounts** that flow into Manzoori and financial disbursement. Entered by the final (highest) executive level. These become the official approved figures on the Cover Letter PDF.

3. Proposed Upliftment Plan EXECUTIVE ENTERS

PROPOSED_UPLIFTMENT_PLAN — COVER_LETTER_FORMS TABLE

PROPOSED UPLIFTMENT PLAN — LONG-FORM TEXT, INFORMED BY SECTION 6 ACTION PLAN IN THE COUNSELING FORM

Write a specific, time-bound plan: include milestones, expected income growth targets aligned with 5-year projections, support mechanisms per year, and monitoring checkpoints. Reference the action_plan timeline periods (upto_1st_year_end, 2nd_and_3rd_year, 4th_and_5th_year) from the Counseling Form's financial_assistance_action_plan data.

4. Non-Financial Assistance EXECUTIVE ENTERS

NON_FINANCIAL_ASSISTANCE — COVER_LETTER_FORMS TABLE

TYPES OF NON-FINANCIAL SUPPORT — REFERENCE SUPPORT_NEEDED JSON IN FINANCIAL_ASSISTANCE TABLE

E.g., Mentorship (mentor name from Section 6 financial_assistance_mentors), Industry Knowledge training, Sourcing assistance, Sales & Market support, Internship placement, Bookkeeping support, Handholding. Match what the applicant selected in Section 4.

5. Welfare Department Comments EXECUTIVE ENTERS

WELFARE_DEPARTMENT_COMMENTS — COVER_LETTER_FORMS TABLE

OFFICIAL EXECUTIVE-LEVEL COMMENTS — APPEARS ON THE FINAL COVER LETTER PDF

E.g., "After thorough review of the full case file, I recommend approving Enayat ₹50,000 and Qardan ₹1,50,000. The applicant's financial position, business viability, and repayment capacity support this assistance. The upliftment plan with quarterly monitoring benchmarks is in place. Approval subject to fund availability."

RECOMMENDED VS. APPROVED AMOUNTS — IMPORTANT DISTINCTION

The **RECOMMENDED AMOUNTS** are the Executive's assessment. The **APPROVED AMOUNTS** (approved_enayat, approved_qardan, approved_qh_months) are the final binding figures for Manzoori and disbursement. These are entered by the final/highest executive level and become the official sanctioned amounts on the Cover Letter PDF.

07

Signing the Cover Letter Form & Submitting It

⭐ REQUIRED BEFORE THE APPROVE BUTTON IS ENABLED

After filling all required fields, the Executive adds their **digital signature** to the Cover Letter Form and clicks **Submit**. Submission permanently locks the form and enables the Approve button in the workflow action panel.

Three Signature Blocks on the Cover Letter Form

The Cover Letter Form has three signature blocks representing the welfare department authority chain. The Executive signs the block that corresponds to their role designation in the organisation.

WELFARE DEPARTMENT

welfare_department_signature

welfare_department_name
ITS: welfare_department_its
Date: welfare_department_date

ZONAL INCHARGE

zonal_incharge_signature

zonal_incharge_name
ITS: zonal_incharge_its
Date: zonal_incharge_date

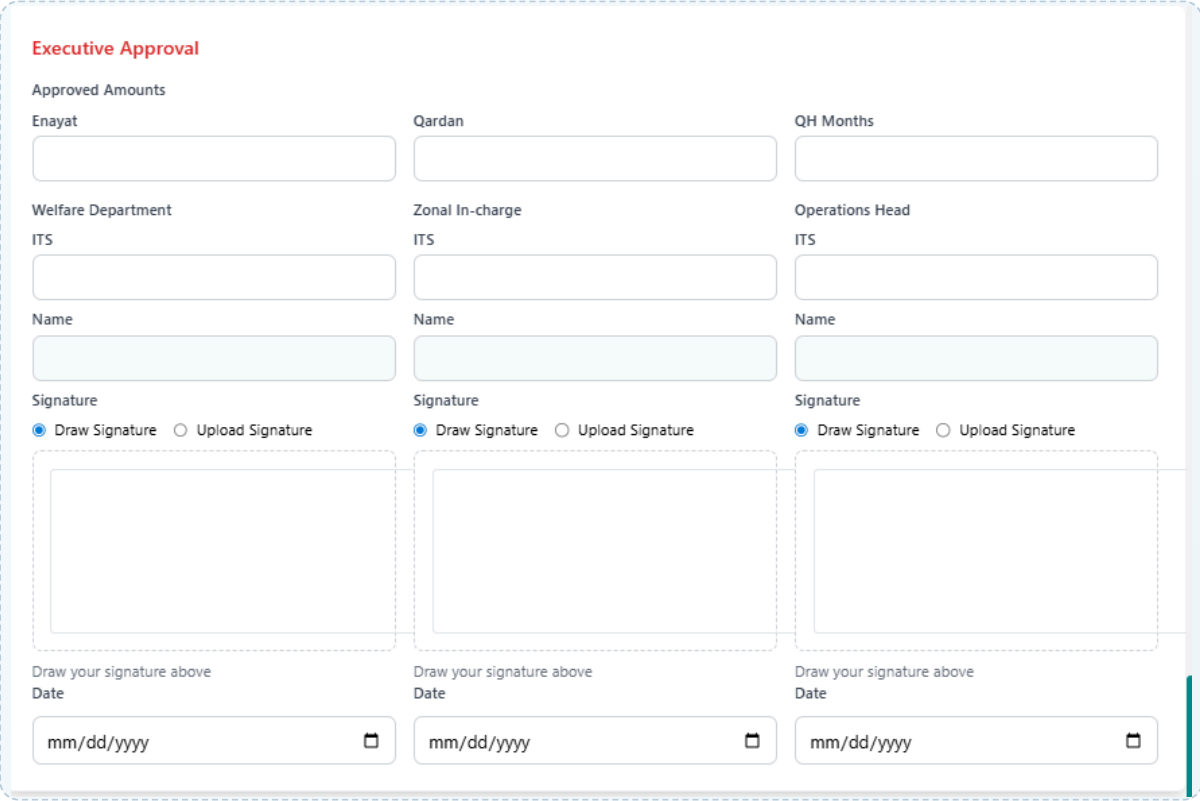
OPERATIONS HEAD ★ EXECUTIVE SIGNS HERE

operations_head_signature_file_path / drawing_data

operations_head_name (auto from profile)
ITS: operations_head_its (auto)
Date: operations_head_date (auto = today)

Two Signature Methods — operations_head_signature_type

Method	Steps	Stored in DB
📁 **Upload (type = "upload")**	Click *Upload Signature* → select PNG/JPG from device → preview renders in block → confirm	operations_head_signature_type = "upload"; operations_head_signature_file_path = path in uploads/
✍️ **Draw (type = "draw")**	Click *Draw Signature* → signature pad canvas opens → draw with mouse/stylus → click *Save Signature*	operations_head_signature_type = "draw"; operations_head_signature_drawing_data = SVG/canvas data



Submitting the Form

- Review all filled fields one final time — once submitted, all fields lock permanently
- Click **Submit Cover Letter Form** → confirmation dialog: *"Submit this Cover Letter Form? All fields will be locked and your signature will be recorded."* → click **Confirm**
- System calls `PUT /api/cover-letter-forms/:formId/submit` → records submitted_by = Executive user ID, submitted_at = timestamp, sets is_complete = 1
- The Cover Letter Form tab shows a **Submitted** banner — all fields are now read-only
- The **Approve** button in the workflow action panel becomes **active**

> **FORM SUBMISSION ≠ CASE APPROVAL**
> Submitting the Cover Letter Form only locks the data and records the signature. The case does not advance yet. The Executive must click
> **APPROVE**
> in the workflow action panel to formally advance the case — and at the final level, that approval triggers Cover Letter PDF generation.

> **APPROVE BUTTON DISABLED UNTIL FORM IS SUBMITTED (IS_COMPLETE = 1)**
> The system enforces a hard dependency. If the Executive clicks Approve before submitting the form, the button is greyed out with tooltip: *"Please complete and submit the Cover Letter Form first."* Rework does not require form submission, but does require a comment.

SECTION D — DECISION & OUTCOME

08

Adding Comments & Making the Decision

With the Cover Letter Form submitted, the Executive posts a comment and uses the action panel to approve, rework, or reject the case.

- Click **Comments** tab → read all prior notes → scroll to bottom → type comment → click **Post Comment**
- System calls `POST /api/cases/:caseId/comments` with role_name = "Executive Management", executive_level = this user's level
- Summarise the reasoning for the recommended and approved amounts; note any conditions attached to the approval

✅ APPROVE

Cover Letter Form submitted. Calls `PUT /api/cases/:caseId/executive-approve`. System checks `cases.current_executive_level` — if intermediate, advances to next level. If final level, triggers Cover Letter PDF generation and advances to Manzoori.

🔁 REQUEST REWORK

Issues found. Calls `PUT /api/cases/:caseId/executive-rework` → case status → Rework Required → DCM notified. After correction, the full field review chain restarts and the case returns to Executive Level 1 before working back up.

Scenario	Immediate Action	Case Status After	Notified
`Intermediate Level Approves`	current_executive_level incremented; status_history updated	Executive Approval (Level N+1)	Next Level Executive Approvers
`Final Level Approves`	Cover Letter PDF auto-generated; approved amounts sanctioned; case advances	Manzoori (Sanction)	Finance team, DCM, Admin
`Any Level Reworks`	Case → Rework Required; restarts from Welfare Review after DCM correction	Rework Required	DCM

09

What Happens After — Cover Letter PDF Generation & Manzoori

When the **final executive level** approves the case, FACTS immediately and automatically generates the Cover Letter PDF from the completed Cover Letter Form data and advances the case to Manzoori.

⚡ **Final Executive clicks Approve → System auto-triggers:** (1) Cover Letter PDF compiled from all Cover Letter Form data → (2) Cover Letter tab activates on the case — downloadable by all parties → (3) approved_enayat, approved_qardan, approved_qh_months become the official sanctioned figures → (4) Case status advances to Manzoori (Sanction) → (5) Finance team and DCM notified.

What the Generated Cover Letter PDF Contains

PDF Section	Data Source — cover_letter_forms table fields
Applicant & Counsellor Profiles	applicant_name, applicant_its, applicant_jamiat/jamaat, applicant_photo, counsellor_name, counsellor_its, counsellor_certified, counsellor_photo
Family Financial Summary	current_personal_income, current_family_income, earning_family_members, dependents, asset_*, liability_*
Business Details	business_name, industry_segment, present_occupation
Requested vs. Recommended vs. Approved Amounts	requested_enayat/qardan vs. recommended_enayat/qardan vs. approved_enayat/qardan
5-Year Projected Incomes (Applicant + Family)	applicant_projected_income_after_1–5_years; family_projected_income_after_1–5_years
Proposed Upliftment Plan & Non-Financial Assistance	proposed_upliftment_plan, non_financial_assistance
Welfare Department Comments	welfare_department_comments
Three Signature Blocks	welfare_department_* · zonal_incharge_* · operations_head_* (name, ITS, date, signature image)

Full Workflow — Executive's Position in the Complete FACTS Chain

Case ID & Draft › Counseling Form › Welfare Review ✓ › ZI Approval ✓ › KG Review ✓ › Operations Lead ✓ › **Executive Approval ✓** › **Cover Letter PDF Generated** › Manzoori (Sanction) › Financial Disbursement › Payment Tracking › Fund Utilization › Case Closure

FORM SUBMITTED	INTERMEDIATE APPROVE	FINAL LEVEL APPROVE	REWORK
Locked	**Next Level**	**PDF Generated**	**Full Restart**
Signature captured	Next exec notified	→ Manzoori	Chain restarts

End of Executive Management User Journey

9 steps · Login (level-scoped) → Cases queue → Case Detail (tabs, progress bar) → Status History, Comments & Counseling Form review → Open Cover Letter Form → Executive fills Recommended Amounts, Approved Amounts, Upliftment Plan, Non-Financial Assistance & Welfare Comments → Signs (upload or draw) → Submits form (is_complete = 1, Approve unlocked) → Posts comment → Approves to next level OR final approval → Cover Letter PDF auto-generated → Case advances to Manzoori (Sanction).
