Deputy Counseling Manager

A step-by-step visual reference focused on the DCM's core responsibility — accessing cases and completing the counseling form in full before submitting for approval.

DCM — Deputy Counseling Manager

The DCM's primary role in FACTS is to open assigned cases and fill every section of the Counseling Form — capturing personal details, family background, financial assessment, business evaluation, and declarations — then submit the completed case for the next level of approval.

DCM — DEPUTY COUNSELING MANAGER

The Deputy Counseling Manager (DCM) works exclusively within the **Cases** module in FACTS. The DCM's job is to open each assigned case, navigate to the Counseling Form, and carefully fill all seven sections — capturing the applicant's personal background, family situation, financial data, business assessment, economic projections, and formal declarations. Once the form is complete, the DCM submits the case forward for the next level of approval. This document covers **12 steps** across the full DCM workflow.

SECTION A — LOGIN & CASES MODULE

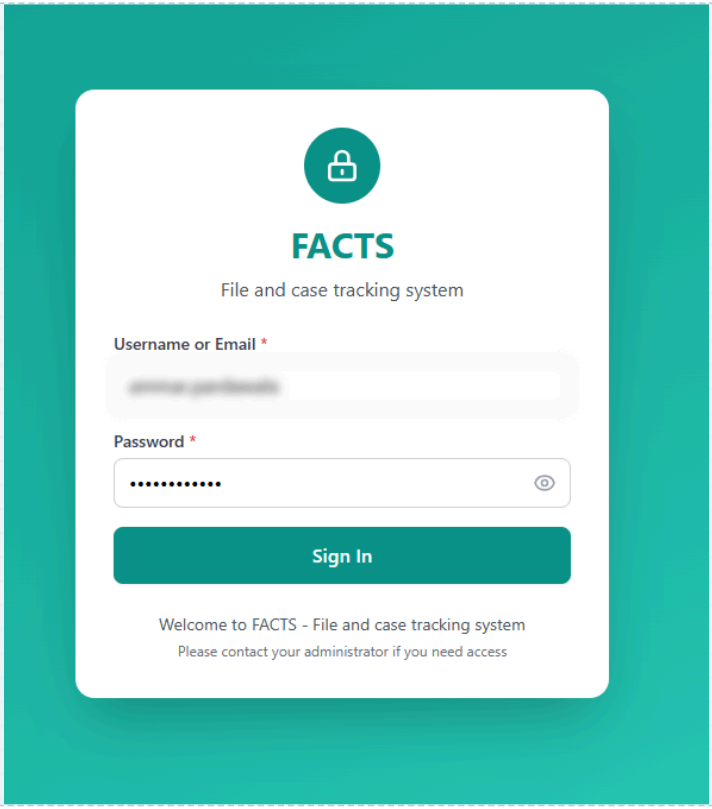
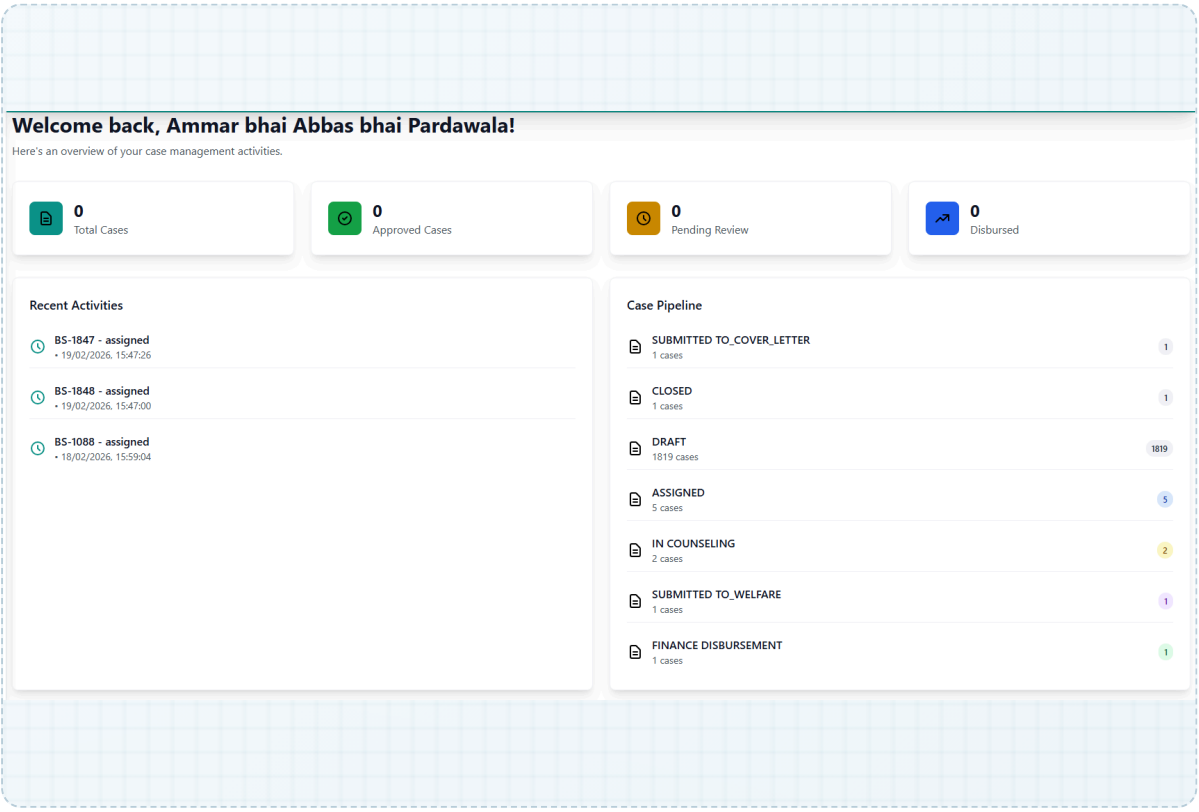
01

Login & Landing on Dashboard

The DCM accesses FACTS via the web browser. After authenticating, the system loads the DCM dashboard — a quick summary of all cases under the DCM's scope.

- Open browser → navigate to the FACTS URL → enter **Email** and **Password** → click **Login**
- On successful login, the system loads the **DCM Dashboard** showing total assigned cases, cases in counseling, and cases needing action
- The left sidebar shows the DCM's available modules: **Dashboard** and **Cases**
- The bell icon in the top bar shows any unread notifications (new case assignments, rework alerts)
- The DCM's name, role label, and Jamaat scope are visible in the top-right profile area

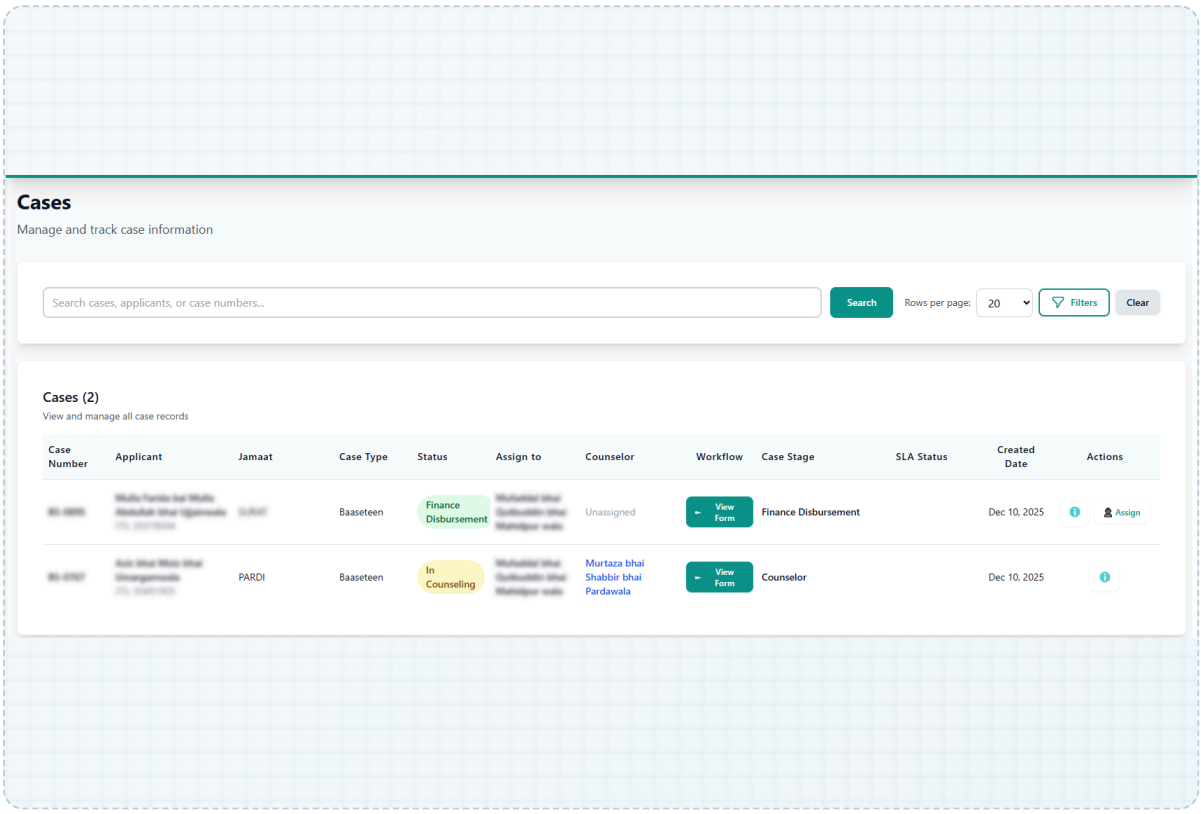




02 Opening the Cases Module & Finding Your Case

All of the DCM's work happens in the **Cases** module. From here, the DCM can view all cases within their Jamaat scope, filter by status, and open a specific case to begin filling the counseling form.

- Click **Cases** in the left sidebar → the Cases list loads showing all cases scoped to the DCM's Jamaat
- **Search bar** at the top allows searching by Case Number (BS-XXXX), Applicant Name, or ITS Number
- **Filter options:** filter by Case Status (Draft, Counseling, Cover Letter Stage, etc.), Case Type, or SLA status
- Each case row shows: **Case Number**, Applicant Name, Case Type, Current Stage, Assigned Counselor, SLA badge, and Last Updated date
- Cases assigned to the DCM that are *awaiting counseling form completion* will show status **In Counseling**
- Click on any case row → opens the **Case Detail View**



03

Case Detail View — Tabs & Overview

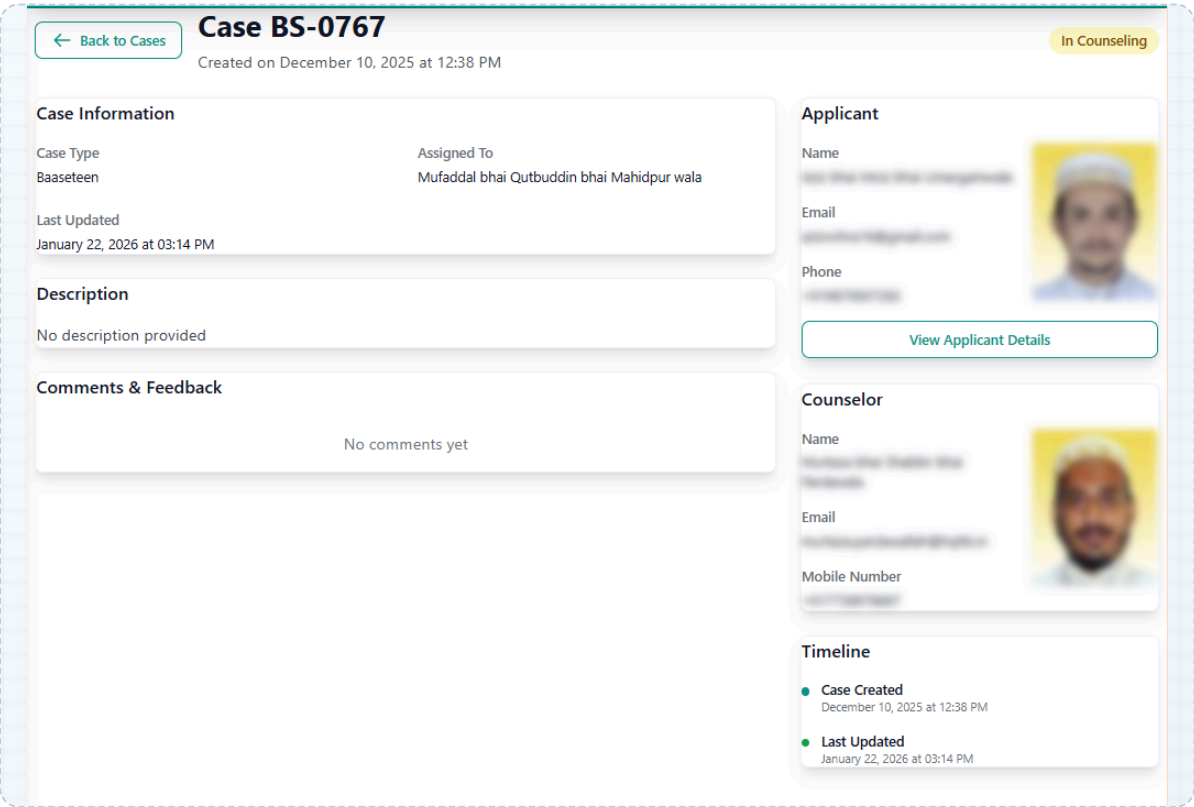
Clicking a case opens the Case Detail View — the central screen where the DCM does all their work. This page shows the case summary header, the current workflow stage, and a set of tabs. The most important tab for the DCM is the **Counseling Form** tab.

Case Header

- **Case Number** (e.g., BS-0042), Applicant Name, Case Type, and current **Workflow Stage** badge are shown prominently at the top
- **SLA indicator** shows time remaining or breach status for the current stage
- Assigned Counselor name is shown; DCM can see who is responsible
- A **Workflow Progress Bar** visualises all stages: Draft → Counseling → Cover Letter → Welfare Review → Approvals → Disbursement

Available Tabs on Case Detail

Tab	Purpose	DCM Access
Counseling Form	The main 7-section form the DCM fills	Full Edit
Cover Letter	Auto-generated case summary for reviewers	After Form Complete
Comments	Case-level notes and communication thread	Read & Write
Attachments	Upload supporting documents and files	Upload & View
Status History	Full audit trail of all stage transitions	Read Only



STARTING POINT FOR THE DCM

Every time the DCM opens a case, they should click the **COUNSELING FORM** tab first. The tab shows a section progress overview — each of the 7 sections shows its current status: Not Started, In Progress, or Complete. The DCM works through them one by one.

SECTION B — COUNSELING FORM: PERSONAL & FAMILY

04

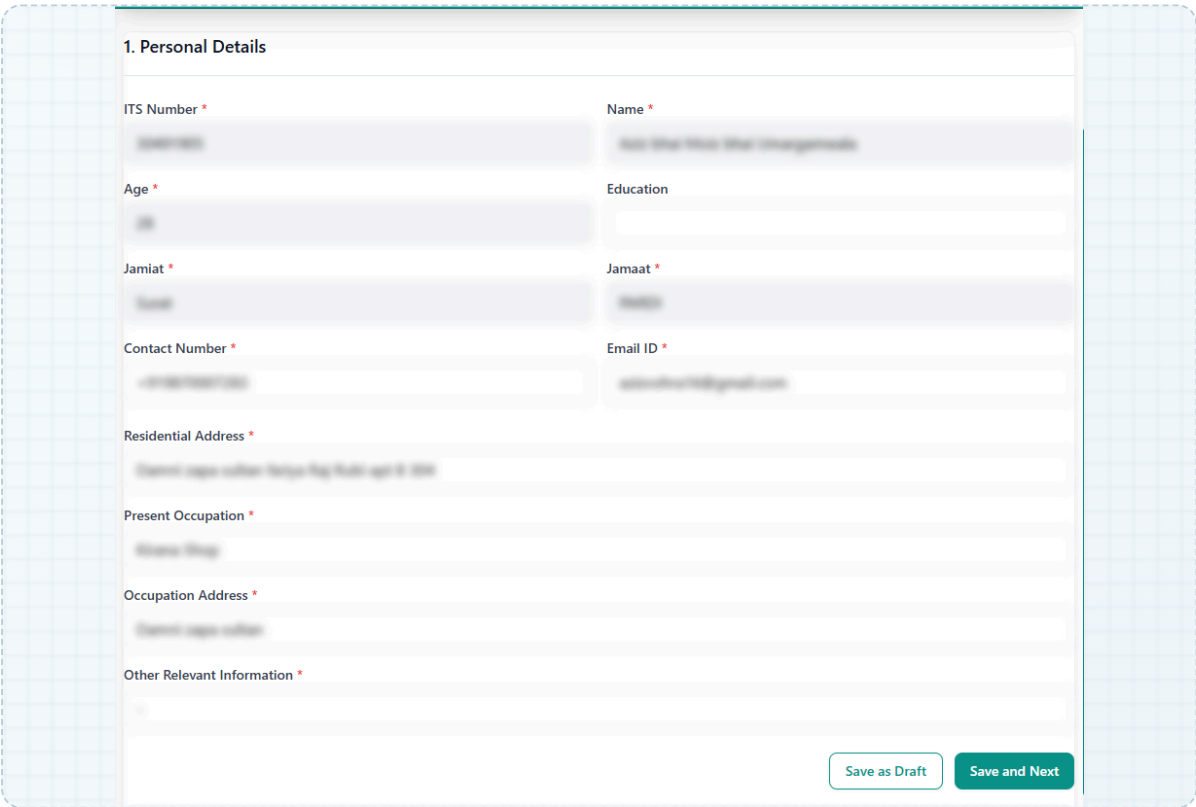
Counseling Form — Section 1: Personal Details

Click the **Counseling Form** tab on the case → the form opens showing all 7 sections as a progress list at the top. Click **Section 1: Personal Details** to begin. Many fields are auto-populated from the applicant's ITS profile — review and complete any missing ones.

Fields in Section 1 — Personal Details

- **ITS Number** — auto-populated, read-only
- **Full Name** — auto-populated from ITS
- **Age** — enter or confirm from ITS
- **Education Level** — dropdown (Primary / Secondary / Graduate / etc.)
- **Jamiat** — auto-populated from ITS
- **Jamaat** — auto-populated from ITS
- **Contact Number** — verify or enter mobile number
- **Email Address** — optional contact email
- **Residential Address** — full home address
- **Present Occupation** — current job or business type
- **Occupation Address** — workplace or business location
- **Other Information** — any additional personal notes

- Click **Save Section** → section status changes to **Complete** in the progress tracker
- You can return and edit any section before marking the whole form complete



05

Counseling Form — Section 2: Family Details (Wellbeing & Members)

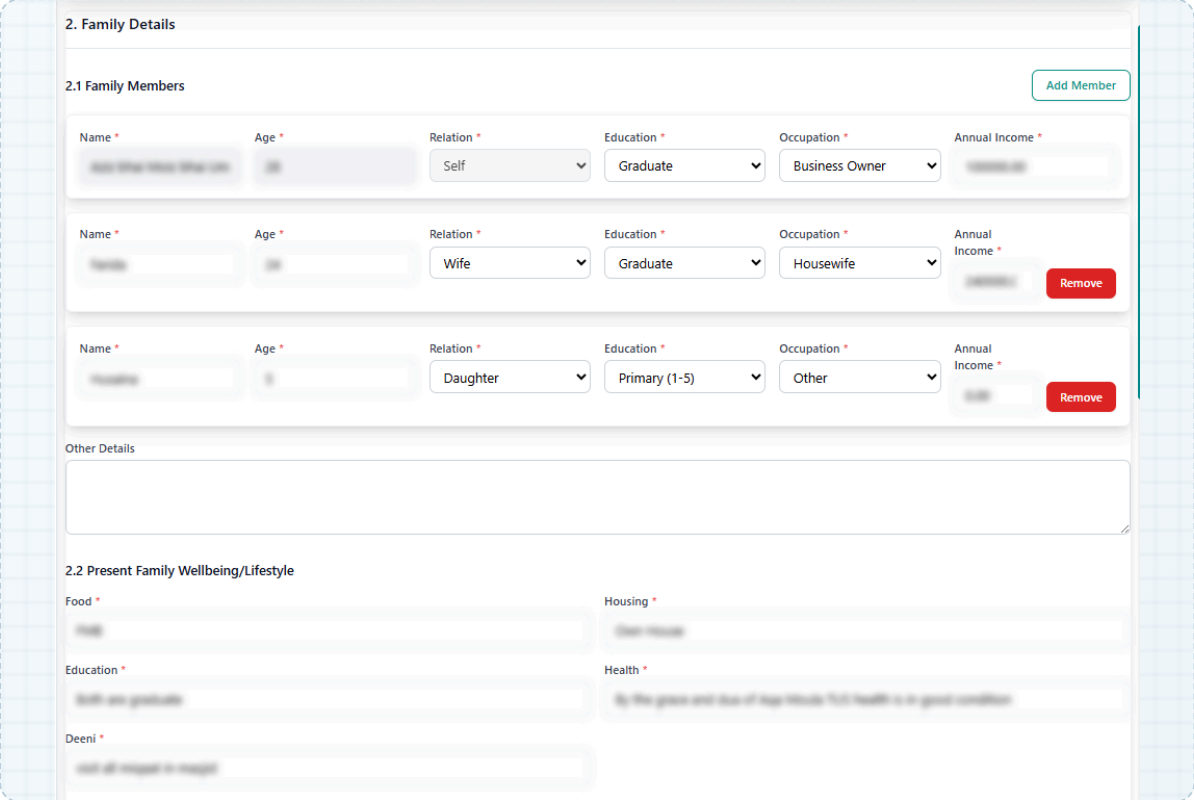
Section 2 covers the applicant's family situation in detail. It is split into multiple sub-sections — Wellbeing, Family Members Table, Income & Expenses, and Assets & Liabilities. Start by filling the Wellbeing notes and the Family Members table.

Sub-section: Wellbeing Notes

- **Food:** text area — describe the family's food security situation
- **Housing:** text area — owned, rented, shared, or other housing condition
- **Education:** text area — children's schooling status, any gaps or concerns
- **Health:** text area — any chronic illness, disability, or medical expenses
- **Deeni:** text area — religious participation and community standing
- **Ziyarat / Travel / Recreation:** text area — travel or recreational capacity

Sub-section: Family Members Table

- Click **"Add Row"** for each family member — fill: **Name, Age, Relation** (spouse/child/parent/etc.), **Education Level, Occupation, Annual Income**
- Add as many rows as needed; rows can be deleted using the remove icon on the right
- Total annual income across all earning members is auto-summed at the bottom of the table



06

Counseling Form — Section 2 cont'd: Income, Expenses, Assets & Liabilities

The lower half of Section 2 captures the family's financial picture — monthly and yearly income/expenses broken down by source, followed by a complete assets and liabilities snapshot. These numbers feed directly into the Cover Letter and financial assessment.

Sub-section: Income & Expenses Grid

- The grid has rows for each income/expense source and two columns: **Monthly** and **Yearly**
- **Income rows:** Business Income, Salary/Wages, Home Industry, Other Income
- **Expense rows:** Food & Groceries, Rent/Housing, Utilities, Education Fees, Medical, Other Expenses
- Enter monthly figures → yearly values auto-calculate (monthly × 12); or enter yearly directly
- **Total Income** and **Total Expenses** rows auto-sum at the bottom
- **Surplus / Deficit** is automatically computed: Total Income minus Total Expenses — shown with green (surplus) or red (deficit) highlight

SECTION C — COUNSELING FORM: BUSINESS & FINANCIAL ASSESSMENT

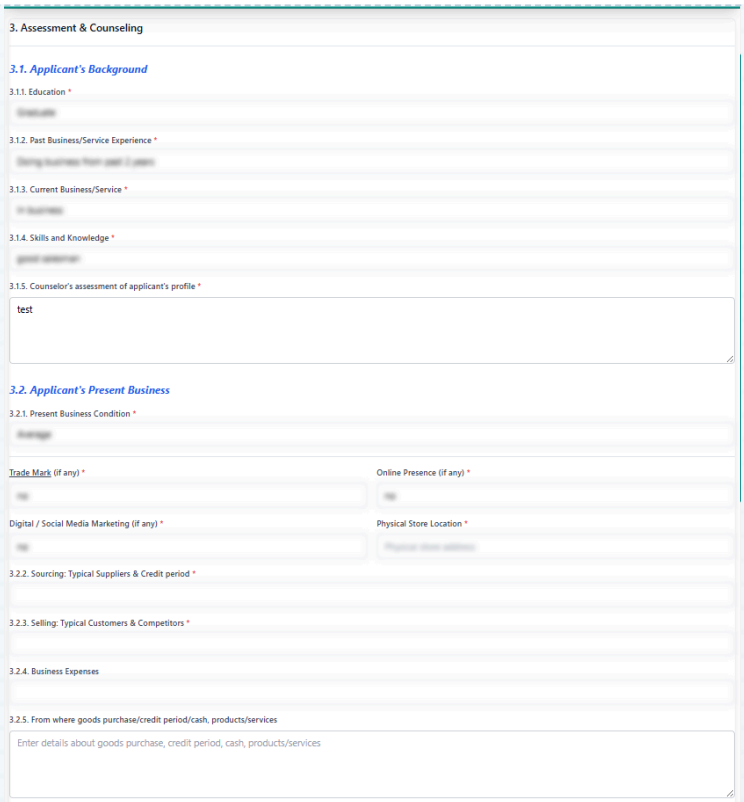
07

Counseling Form — Section 3: Background Assessment & Proposed Business

Section 3 is the counselor's professional evaluation of the applicant. It is divided into two parts: the applicant's **Background** (education, experience, skills) and the **Proposed Business** details and market assessment. This is the most narrative-heavy section.

Sub-section A: Background

- **Education Background:** describe highest education achieved and relevance to the proposed business
- **Work Experience:** previous employment history, roles held, and duration
- **Family Business History:** any prior family business activity or inherited trade skills
- **Skills & Knowledge:** specific technical skills, trade knowledge, or vocational training
- **Counselor's Overall Assessment:** free text — the DCM/counselor's holistic evaluation of the applicant's readiness and suitability for financial assistance

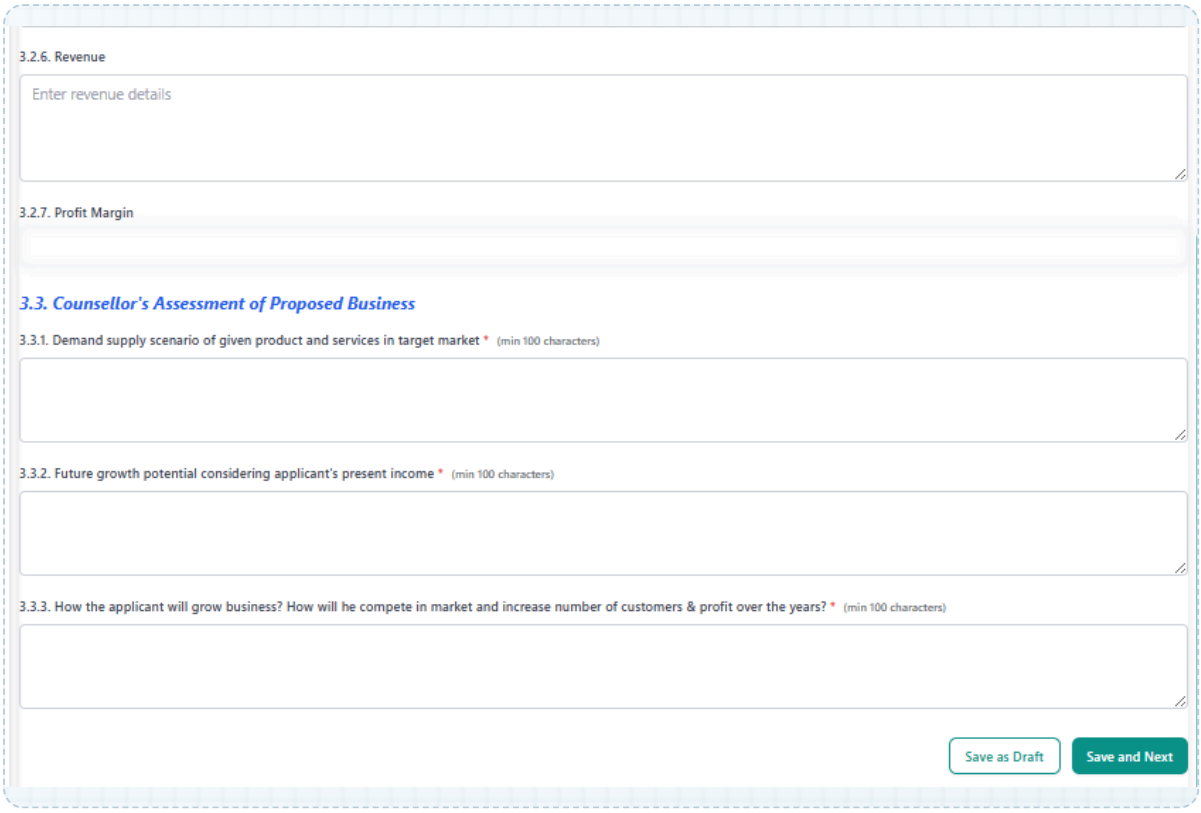


Sub-section B: Proposed Business Details

- **Present Business Condition:** describe current state of the business
- **Trade Mark / Brand:** existing brand name or logo if any
- **Online Presence:** whether the business has social media, website, or digital channels
- **Digital Marketing:** current or planned online marketing activities
- **Store / Unit Location:** physical location or planned premises
- **Sourcing:** where raw materials or stock are sourced from
- **Selling Channels:** how goods/services are sold (retail, wholesale, online)
- **Major Expenses:** primary cost items in the business
- **Goods Purchase Details:** how inventory is purchased and at what frequency
- **Revenue Projections:** estimated monthly or annual revenue
- **Profit Margin %:** estimated gross margin on the business

Sub-section B: Products / Services Table

- Click **"Add Row"** for each product or service offered
- Columns: **Product / Service Name, Unit of Measure, Cost Price, Selling Price**
- Margin per item is auto-calculated from cost vs. selling price



- Click **Save Section** → Section 3 marked **Complete**

08

Counseling Form — Section 4: Financial Assistance Required

Section 4 captures exactly what type and amount of financial support the applicant is requesting, how they plan to repay it, and what non-financial support they also need.

Assistance Amount Fields

- **Total Amount Requested:** overall sum sought
- **Enayat (Grant) Amount:** non-repayable portion
- **Qardan Hasana Amount:** interest-free loan portion
- **Self-Funding Contribution:** amount applicant will add themselves
- **Rahen (Collateral):** any collateral available

Support Needed (Multi-Select)

- `Industry Knowledge`
- `Sourcing Support`
- `Sales / Market Access`
- `Internship Placement`
- `Mentoring`
- `Bookkeeping Training`

Assistance Timeline Table

- Click **"Add Row"** to define each disbursement phase
- Columns: **Purpose / Description, Enayat Amount, Qardan Amount, Repayment Duration (months)**
- Multiple rows can be added for phased disbursement plans (e.g., Phase 1 equipment, Phase 2 stock)
- Click **Save Section** → Section 4 marked **Complete**

Counseling Form — Section 5: Economic Growth Projections

Section 5 captures the 5-year financial projection for the applicant's business. The DCM enters the expected figures year-by-year. Totals auto-calculate.

5-Year Projection Table — Columns

- Rows: **Last Year (Present)** + **Year 1, Year 2, Year 3, Year 4, Year 5**
- **Revenue / Sales** per year
- **Expenses breakdown:** Raw Materials, Labour, Rent, Overhead, Repair & Maintenance
- **Total Expenses** — auto-summed from breakdown rows
- **Gross Profit** — auto-calculated: Revenue minus Total Expenses
- **Fund Allocation:** Blocked Fund, Qardan Repayment amount, Other Income, Household Expenses
- **Cash Surplus** — residual after all allocations; Additional Enayat and Qardan per year shown

Business Assets Projection Table

- Separate table: asset values per year across — **Cash, Raw Materials, Machines, Vehicles, Shop/Godown, Trademark**
- Click **Save Section** → Section 5 marked **Complete**

SECTION D — COUNSELING FORM: PLAN, DECLARATION & SUBMISSION

10

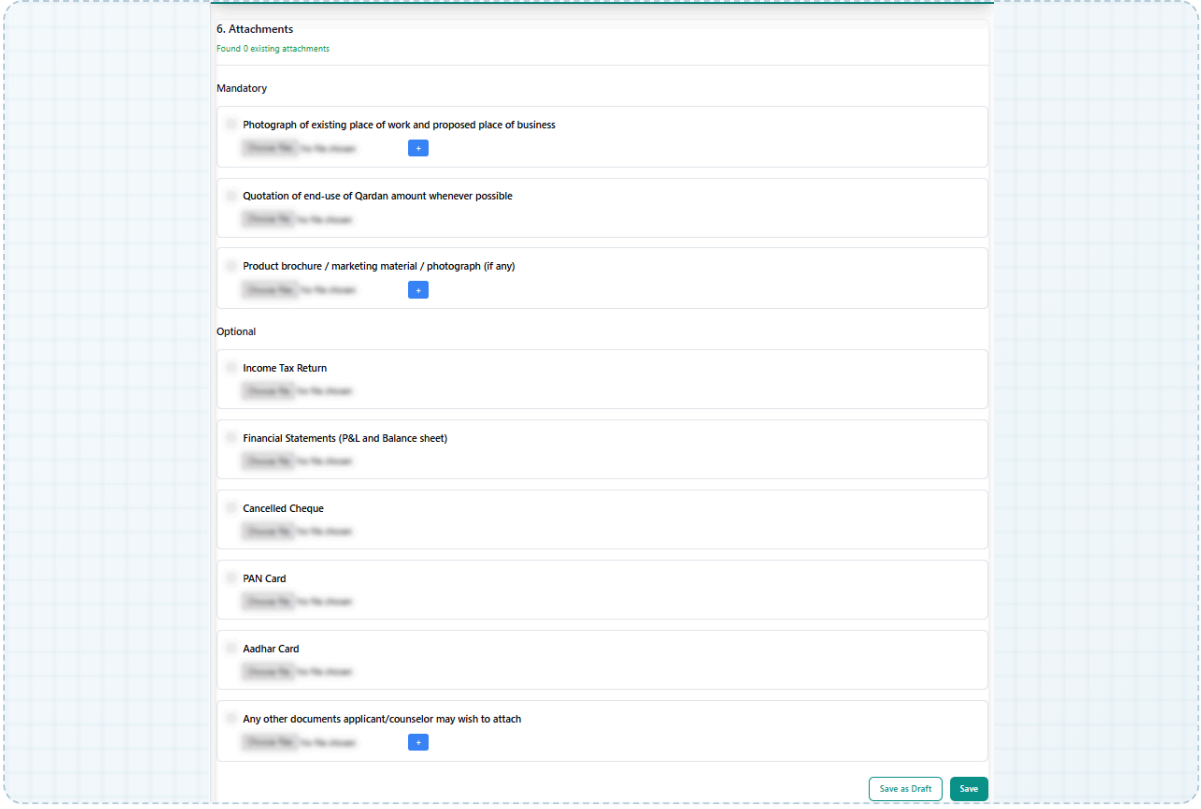
Counseling Form — Section 6: Attachments

Section 6 collects all supporting documents for the case. Files are split into **Mandatory** (must be uploaded before the form can be completed) and **Optional** (recommended but not blocking). Each item has its own file upload slot. The section header shows a count of existing attachments already on file.

Document	Required	Action
MANDATORY DOCUMENTS		
Photograph of existing place of work and proposed place of business	Mandatory	Choose file or drag & drop · + add more
Quotation of end-use of Qardan amount whenever possible	Mandatory	Choose file or drag & drop
Product brochure / marketing material / photograph (if any)	Mandatory	Choose file or drag & drop · + add more
OPTIONAL DOCUMENTS		
Income Tax Return	Optional	Choose file or drag & drop
Financial Statements (P&L and Balance Sheet)	Optional	Choose file or drag & drop
Cancelled Cheque	Optional	Choose file or drag & drop
PAN Card	Optional	Choose file or drag & drop
Aadhar Card	Optional	Choose file or drag & drop
Any other documents applicant / counselor may wish to attach	Optional	Choose file or drag & drop · + add more

- The section header shows "**Found X existing attachments**" — so the DCM knows if files were previously uploaded
- Each file row has a **checkbox** on the left — checked automatically once a file is uploaded to that slot
- Items marked with a "**+**" button allow uploading multiple files for the same document type (e.g., multiple work-site photos)
- Supported formats: JPG PNG PDF DOC DOCX — max file size applies per upload
- All 3 **Mandatory** documents must be uploaded before the section can be saved as Complete
- Bottom of the section has two buttons: "**Save as Draft**" (saves without completing) and "**Save**" (marks section complete)

SECTION HEADER	MANDATORY	OPTIONAL	SAVE ACTIONS
Found X existing attachments	**3 documents**	**7 documents**	**Draft / Save**
Count shown on page load	All 3 required to Save	Upload where available	Save as Draft or Complete



MANDATORY ATTACHMENTS BLOCK COMPLETION

If any of the 3 mandatory documents are missing when the DCM clicks "SAVE", the system shows a validation error highlighting the unchecked mandatory rows. The section cannot be marked Complete until all mandatory files are uploaded.

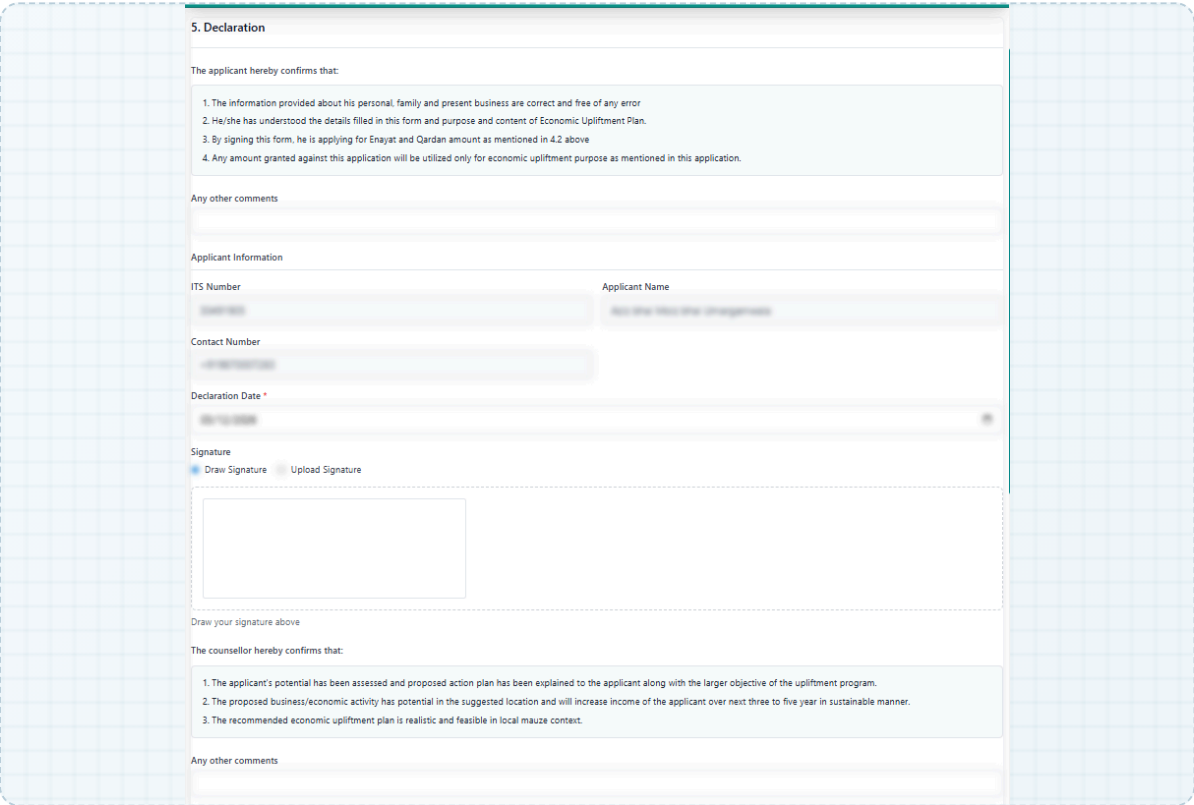
11

Counseling Form — Section 7: Declaration & Signatures

Section 7 is the final section of the Counseling Form. It collects formal declarations and digital signatures from three parties: the **Applicant**, the **Counselor**, and a **TR Committee Member**. All three signatures must be captured before the form can be marked complete.

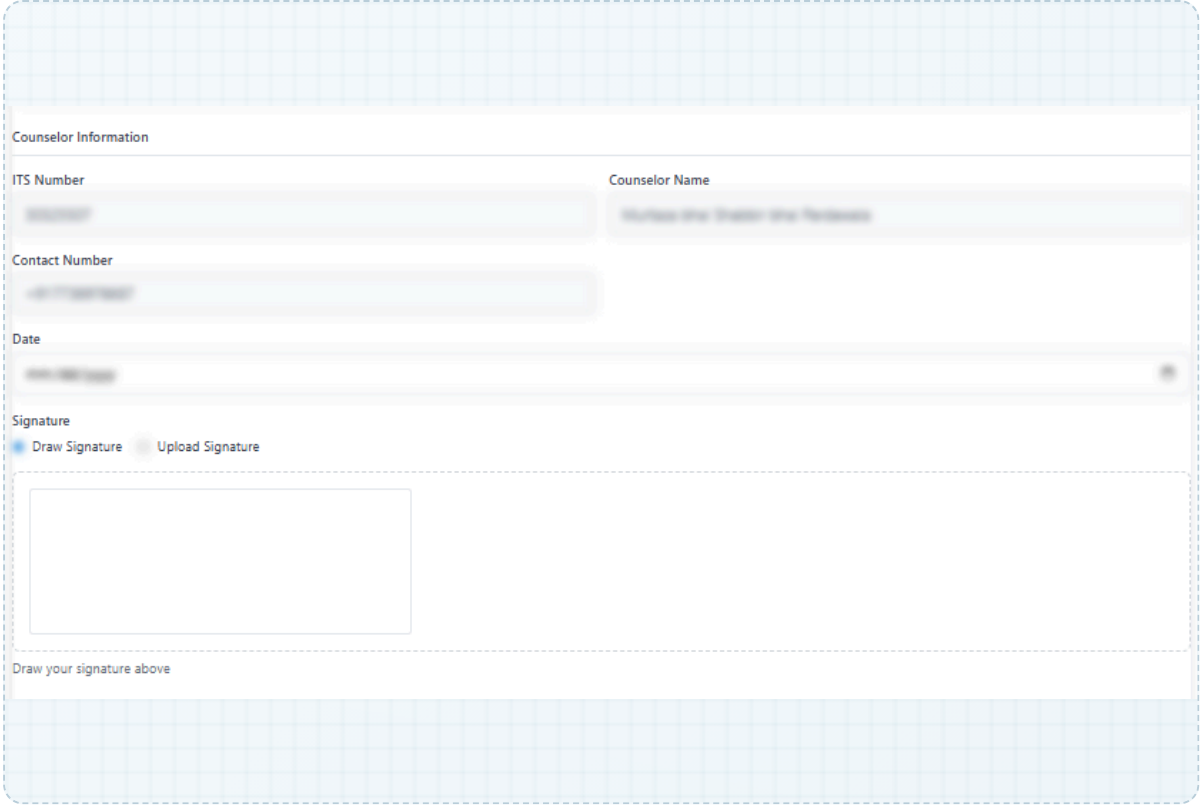
Applicant Declaration

- **ITS Number** — pre-filled from the case; read-only
- **Full Name** — pre-filled from personal details
- **Contact Number** — pre-filled; editable if needed
- **Declaration Date** — date picker; defaults to today
- **Signature:** two options — **Upload Image** (JPG/PNG of physical signature) or **Draw on Canvas** (on-screen signature pad using mouse or touch)



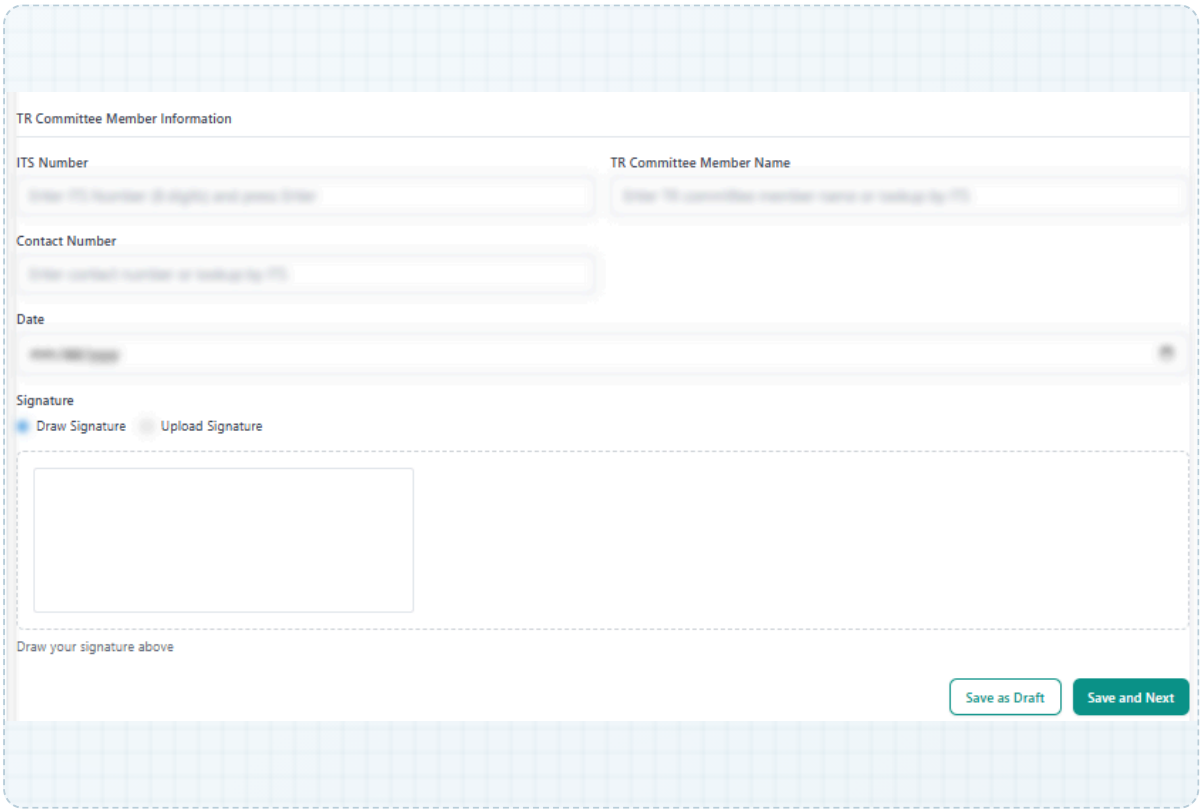
Counselor Declaration

- **Counselor ITS Number** — enter the assigned counselor's ITS; auto-fetches name and contact
- **Declaration Date** — date when counselor signs off
- **Signature:** Upload or Draw options, same as applicant block



TR Committee Declaration

- **TR Committee Member ITS Number** — enter their ITS; auto-fetches name and contact
- **Declaration Date** — date of TR Committee signoff
- **Signature:** Upload or Draw — same interface as above
- Once all three signatures are captured, click **Save Section** → Section 7 marked **Complete**



> **ALL THREE SIGNATURES ARE MANDATORY**
>
> The system will not allow the form to be marked complete unless all three declaration blocks have a signature recorded. Missing signatures show a red validation error on the section progress tracker.

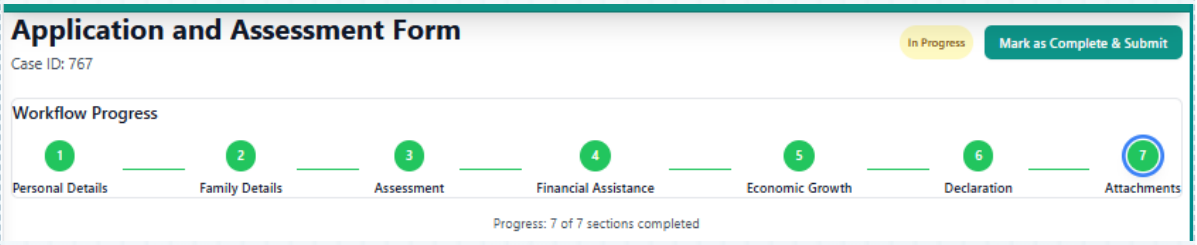
12

Mark Form Complete & Submit for Approval

Once all 7 sections show **Complete** status, the DCM marks the counseling form as done and submits the case to the next level — the **Welfare Review** stage — where designated reviewers will evaluate the case for approval.

Step 1 — Review Section Completion Status

- From the Counseling Form tab, the top of the page shows the **7-section progress tracker**
- Each section shows one of: `Not Started` `In Progress` `Complete`
- All 7 must be `Complete` before proceeding — click any incomplete section to return and finish it



Step 2 — Mark Form Complete

- Click "**Mark Form Complete**" button — system runs a final validation on all 7 sections
- If any section has missing required fields, a validation error highlights the specific section and field
- On successful validation: the form is **locked** — no further edits allowed unless rework is requested
- The case workflow stage automatically advances to **Cover Letter Stage**

Step 3 — Case Advances Through the Approval Workflow

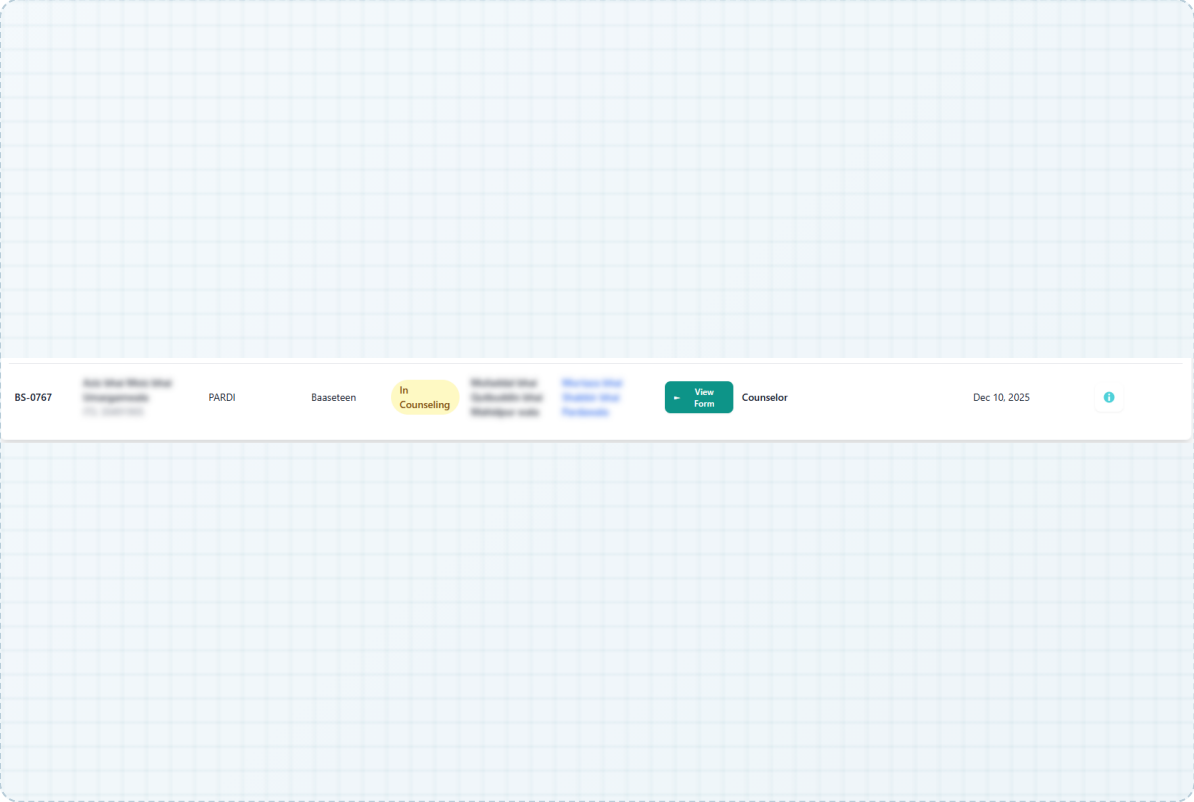
Draft Stage (DCM Assigns) › Counseling Form Fill › Welfare Review

ZI Approval › KG Review › Operations Lead

Cover Letter Generation › Executive Approval (Multi-level) › Manzoori (Sanction)

Financial Disbursement › Payment Schedule Tracking › Fund Utilization (Quarterly) › Case Closure

- After the form is complete, the **Cover Letter** tab becomes active — a summary letter is auto-generated from the counseling form data for use by reviewers
- The DCM can optionally review and submit the Cover Letter from the Cover Letter tab to formally push the case to Welfare Review
- In-app notifications are sent to the **Welfare Reviewer(s)** assigned to the case's Jamiat, alerting them to begin their review
- The case status updates to **"Welfare Review"** — visible in the Cases list and the case header



WHAT HAPPENS NEXT

The DCM's job for this case is now complete. The case moves through: Cover Letter → Welfare Review → ZI Approval → Executive Approval → Manzoori → Financial Disbursement. If reviewers request changes, the case returns to the DCM as
"REWORK REQUIRED"
— the DCM will receive a notification, unlock the relevant sections, make corrections, and resubmit.

End of Deputy Counseling Manager User Journey

12 steps covering the full DCM workflow in FACTS — from login and finding the case, through all 7 sections of the Counseling Form, to marking it complete and submitting for the approval chain.
